Experience the amazing!

How *amazing* can electrical switches, lights, fans, and wires be? Unbelievably so, if you look at the Goldmedal range of products. First of all, they are all so fashionable to look at – from their sleek lines to their gorgeous colours and finishes – every product looks like a fashion accessory for your home.

But you don't have to go by their looks alone. Consider their functionality and you'll appreciate why they are so amazing! Whether it is home automation products, fans, LED lights or even simple products like switches or home appliances such as irons and geysers, every product is engineered with precision, keeping in mind the unique needs and tastes of Indian homes. The result? A perfect harmony of form and function that elevates your everyday living.

As someone who appreciates great style and loves incorporating such products in their daily life, I'm absolutely delighted to be associated with Goldmedal. Their products complement my sense of fashion and I can't wait for you to experience the same joy they bring me.

Trust me on this, you'll be convinced once you see them in action!

CELEBRATING
EXCELLENCE

reddot winner 2025

loom.

Crafted for India. Celebrated by the World.

The Loom switch by Goldmedal has been awarded the prestigious Red Dot Award - one of the highest honours for design excellence. Integrating fabric as a functional element, Loom is a bold reimagination of a household essential. This global recognition reaffirms Goldmedal's commitment to creating everyday products that are not just functional, but truly world-class.

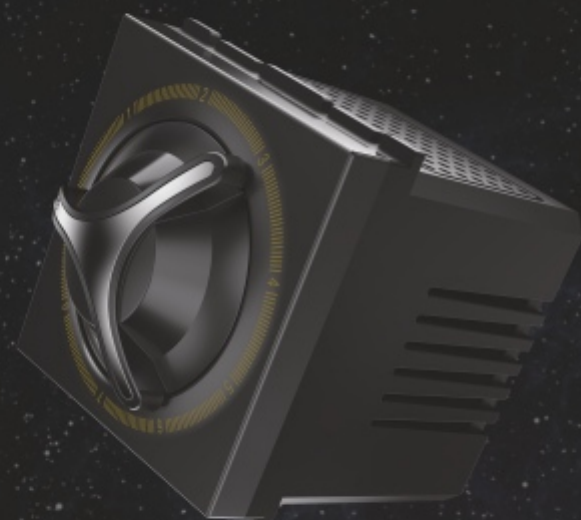

winner 2026

ROOTS

Rooted in Nature. Alive with Light.

The ROOTS Lighting System by Goldmedal has been recognised with the iF Design Award 2026, joining the ranks of the world's most celebrated design achievements. A living, modular installation that breathes and responds to the air around it, ROOTS reimagines light not as a utility, but as a presence. One that thinks, adapts, and glows with quiet purpose. A proud reflection of Goldmedal's vision to keep pushing the boundaries of light and design.

F9
PLATES

The power that directly influences our soul.

Colour is a language that speaks directly to our souls. It has the ability to awaken our senses, ignite our passions, and create a profound impact on our overall well-being. It reaches deep within us, stirring emotions, evoking memories, and shaping our perceptions of the world. From the vibrant radiance of a sunset to the subtle tones of a delicate flower petal, colour possesses the profound capacity to transform our moods, uplift our spirits, and ignite our creativity. So, let us embrace the vibrant palette that surrounds us to enrich and transform our lives in ways we may not always realize.

Sleek and Timeless.

The Z9 range of glass cover plates is designed to bring a refined, contemporary touch to any space. Their crisp lines and premium build are enhanced by luxurious matte and high-gloss finishes, adding depth and sophistication to modern interiors. Available in a striking palette of colours, Z9 redefines elegance in everyday living. Designed for lasting beauty and durability, these cover plates provide a flawless finishing touch.

GIFA presents the Smart Dock that can be a smart companion to your smartphone! At rest, the Smart Dock remains flush with the cover plate. Apply gentle pressure on the unit and it springs out into position. Simply place your phone on the console to get it charging. With built-in Bluetooth connectivity, the Smart Dock wirelessly connects to your smartphone, letting you enjoy FM, stream music, manage calls and control volume or tracks effortlessly. All functions can be operated through buttons, voice control and even hand gestures.

Bold. Contemporary. Truly modern.

G-Twix

Engineered for modern living, the G-Twix modular switch combines bold aesthetics with thoughtful functionality. Uniquely crafted in two halves, the switch features a design innovation where pressing one half subtly highlights the centre. This gentle glow creates a sophisticated visual effect, elevating the ambience of contemporary interiors.

G-Twix
Switch to
modern living

G-Style

The G-style switch lives up to its name with its breathtakingly modern and stylish appearance. An angular switch with defined body lines, delicately curved edges, and a metallic glaze finish, the G-Style has a striking presence in any setting. With its effortless symphony of form and function, the G-Style easily complements the aesthetics of every modern home.

G-Style
Ideal for modern
interiors

G-Echo

G-Echo modular switches are characterized by sleek, clean lines with minimal embellishments. These switches, crafted for contemporary living, appeal to those who value a modern yet minimalist lifestyle. Made with superior-quality materials, this new range of modular devices promises to offer users a sophisticated experience.

G-Echo
Designed for modern
lifestyles

G-Line

It doesn't get more minimalistic than this! The straight, clean lines of the G-Line, with its barest-minimum-possible protrusion over the cover plate surface, conveys the futuristic, minimalistic look that defines GIFA. Classically perfect, yet contemporary in styling, the G-Line is a pleasure to use at home and at work.

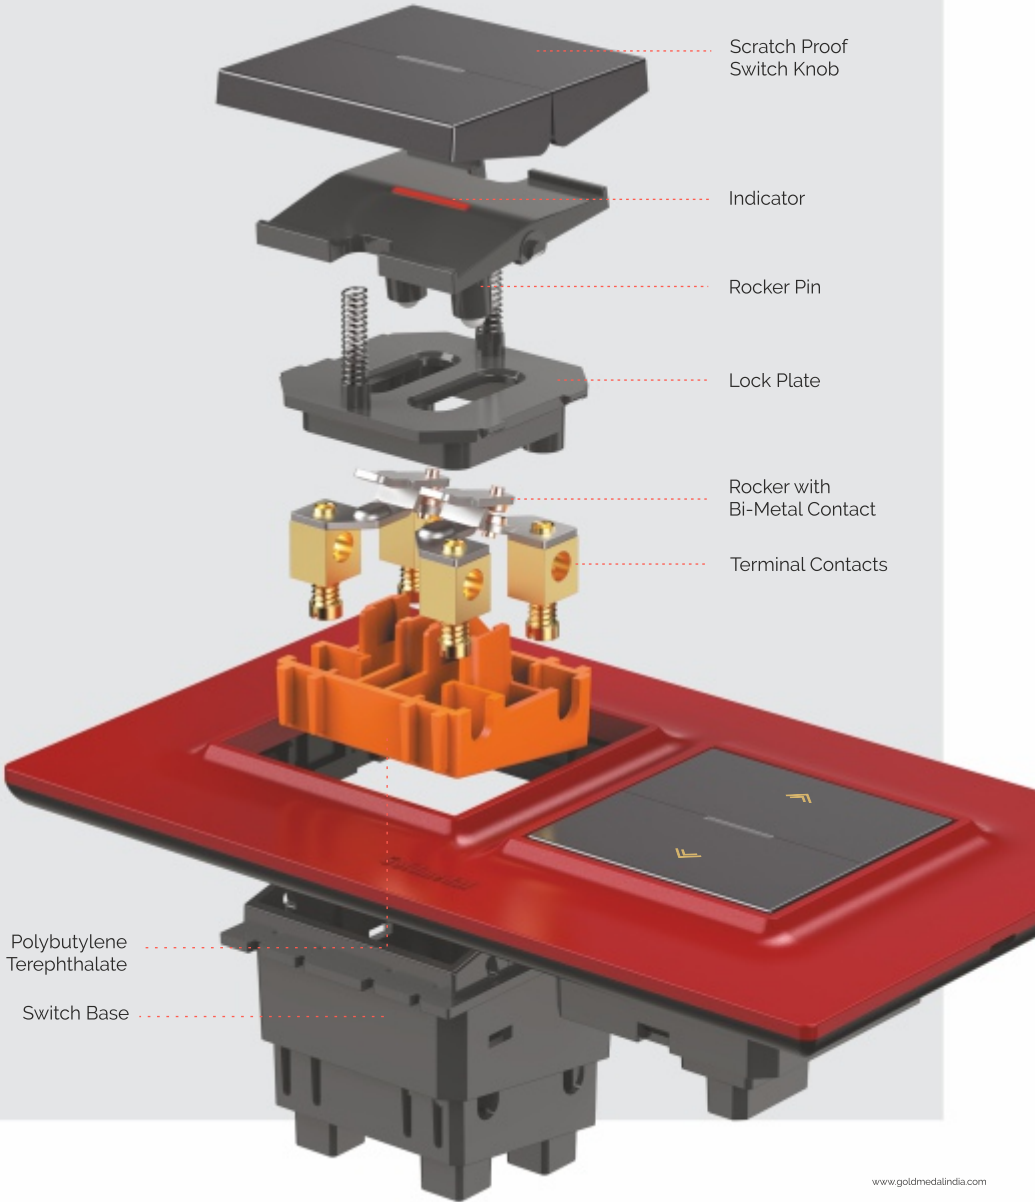

G-Line
Perfect crisp lines that define
modern elegance

Advanced technology with a stylish twist.

Constructed for modern applications, the G-Twix switch integrates precision design with high-performance materials. A soft-action mechanism ensures smooth actuation, while UV coating enhances colour retention and scratch resistance. Its innovative dual-half actuator mechanism produces a subtle central highlight upon operation, enhancing both functionality and visual appeal. The switch is built using Polybutylene Terephthalate (PBT) housed within a robust PC base, offering excellent thermal stability with a melting point above 200°C, and superior insulation against electrical and thermal leakages. Available in multiple attractive shades, G-Twix delivers durability, safety and consistent long-term performance.

A Panel For Every Need.

i-Touch Zigbee 6 Switch, Fan Regulator & Type C Port

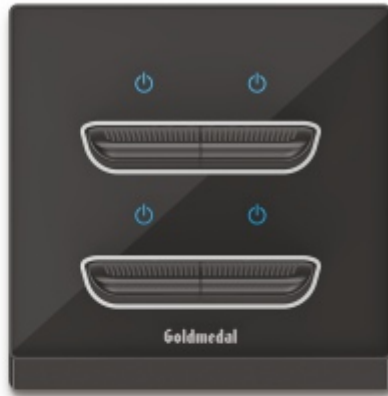

The GIFA i-Touch Zigbee panels are designed to offer seamless control of all your electrical devices through the Z-Hub. These home automation panels are available exclusively in a six-module configuration and thoughtfully address modern lifestyle needs. From switching devices ON and OFF to fan regulators, high-speed Type-C ports, and one-touch master control, the panel brings multiple functions together in a single, elegant interface. All functions can also be activated via the G-World app or through voice controls. In addition, you can define scenes, schedule operations, and set timers using the G-World app. The interface features a glass, LED backlit panel that responds to a gentle touch or tap. Installation is effortless, as the panel fits easily into regular junction boxes without the need for any additional wiring.

F9

The F9 range of modular plates are distinctly contemporary in styling. Represented by clear straight lines, crisp finish and imaginative use of colours, these cover plates showcase the very essential components of style. With a minimum of flourishes and embellishments, the F9 communicates the concept of a contemporary cover plate with remarkable clarity and power. Simple and elegant at first look, the F9 will steal your heart over a period of time.

A9

The colours of the Ag cover plates are modern yet delicate and almost ethereal in many ways. The tone is muted, relaxed and calm to ensure that these cover plates create a warm, welcoming environment around them. The choice of colours and texture allows the Ag cover plates to coexist peacefully with almost any type of ambience. Complement it with light interiors to create an air of purity and elegance or contrast it with dark interiors to create a rich, plush setting!

X9

It's the cover plate with the X-factor. Shaped like an eye-catching curved TV, the Xg cover plate exhibits the aesthetics of an artistic centerpiece. Mount it on the wall and its curved shape lends this cover plate a floating look that appears ultra premium in any setting. Another unique feature is the raised chrome frame at the centre which elevates the design to a whole new level. Available in a variety of finishes, the Xg is a cover plate that's distinctly a cut above the rest.

about 90°

90° represents a contemporary approach to modular switches and accessories. With its sleek, clean lines, and the barest of embellishments, the 90° modular range will appeal to anyone who believes in a modern yet minimalistic lifestyle. Available in a soft, bright white shade, the 90° modular range emanates beauty and sophistication through its simple, decluttered design style. Fashioned from the highest-quality materials, using processes developed and fine-tuned by Goldmedal over decades, this new range of modular devices promises to deliver a superior experience in every way.

PLATES

Colours That Echo Your Style.

Shape your mood, define your style, and transform your spaces with a captivating colour palette that includes rich metallics, warm golden tones, dramatic shades, and cool contemporary hues. Each hue is crafted to add personality, elegance, and character to your interiors – whether you choose for serene harmony or bold contrasts.

o° Modular Plate - Gamma Switch with Indicator & Fan Regulator

o° truly minimal

A future-proof design, the o° is a modern cover plate for contemporary homes and offices. With zero embellishments and a flat facade, the o° appears fresh, innovative, and exciting in a world full of ornamental designs. The uniquely flat and minimal design of these cover plates elegantly places the focus on the modular switches and accessories while they themselves remain in the background - unobtrusive, yet stylish.

18° subtly stylish

Clean straight lines and symmetrical creases along its four corners defines the 18° cover plates from Goldmedal. Its unique shape is an alluring sight on the walls. Projecting the encased modular inserts prominently, the 18° plate invites the attention of the user to the inserts, while at the same time, making them more accessible and usable. The 18° cover plate is all about elegant minimalism and maximum style.

18° Modular Plate - Beta Switch with Indicator & Fan Regulator

An ode to simplicity

The design philosophy of minimalism extends to all the modular plates and inserts of the 90° range. The straightforward, uncluttered design of these products enable you to focus on the primary functionality of the products. Simple and unalluring at first sight, the products feel warm and inviting as you interact with them over a period of time. In these times when our lives are already so busy, the design concept of the 90° is an ode to the ethos of "less is more", which aims to create a calm, pleasant experience for the end user.

A breakthrough design!

The 18° modular cover plate also comes as a combination with a surface box. Unlike traditional designs that require separate bottom and top cover plates to be attached to the surface box, the 18° model has the bottom plate built into the surface box. This means no screws are needed to secure the bottom plate. You only have to add the inserts and the top cover plate to finish the installation. It's a perfect blend of stylish design and practical functionality, offering both form and function in one sleek solution.

IT'S A SWITCH. IT'S ALSO A REMOTE!

The GMesh remote controller is a switch-cum-remote control. You can fix it to a wall or a table and thus use it as a switch (wirelessly), or you can take it with you and use it as a remote control.

Goldmedal's GMesh technology gives you the comfort of a wired automation system without changing the existing wiring in your home. From switching to dimming to controlling fans and curtains, to RGB lighting control to tunable lighting control, everything is possible with GMesh.. Add the Bluetooth based devices to your existing network and its done. You do not need a Wi-Fi or an Internet connection to control your room functions. Just switch on Bluetooth on your mobile phone and connect to your home network!

Bluetooth Controller

G-Mesh products can handle DALI, Tunable White, RGB & RGB-W Control, Human Centric Lighting Control and is also ready for all future upgrades. While this may sound complex, it will surprise you to know that G-Mesh commissioning and set up is so simple that even a child can do it! Yes, even changing a lighting scenario is a simple task.

A2D0001 is a BLE-enabled 2 channel 0-10V or DALI controller. It has a universal 100-277V AC input voltage range and can control 2 separate analog channels, 1 Tunable White channel, or one Dali channel.

PWM0004 is a BLE-enabled four-channel PWM dimmer for constant voltage LED loads, such as LED strips and constant voltage LED modules. The same device can be used for both 12 and 24V DC LED strips. Separate drivers are not required for LED strip or RGB Strip dimming.

REL0004 is a BLE enabled 4 channel relay with 4 separate inputs to control BLE device on the network. The 4 inputs can be freely programmed to do operations like Dimming, curtains, master functions etc. The device can be used for curtain control also.

DCS0001 is a BLE-enabled DALI controller. It does not have its own power supply. Instead, it is powered directly from a DALI bus. DCS0001 can be used with a DALI sensor for presence detection or daylight harvesting or it can be used for controlling Human Centric Lighting (HCL).

TED0001 is a BLE-enabled trailing-edge dimmer for operation of incandescent lamps, dimmable LED lamps, and dimmable LED control gear. It can be installed in the ceiling, inside a luminaire, or into a ceiling outlet box.

ASD0001 is a BLE-control unit for LED drivers with 0-10V, 1-10V, or DALI dimming interface. The control output can be configured either as analogue 0-10V (and 1-10V) or as a digital standalone DALI control interface.

Solutions to all your automation needs under one roof!

If you are planning to build a new home or a commercial building, you are bound to face a number of technical and financial challenges. These challenges have only grown with time. At Goldmedal, we present you a one-stop, complete home automation solution, under one roof.

Whether it's a single room, the entire house, a building, or a huge office complex, Goldmedal has the products and skills to automate them for you. Your goals can range from energy efficiency to increasing productivity to enhancing your lifestyle to a mix of other needs... we can tailor our solutions as per your demands.

The way you interact with your home or office can also be customized. Besides traditional interfaces like wall switches, push buttons, and touch panels, you can also control the automation through our mobile apps, smart phones, tablets, and smart watches.

With Goldmedal, the answers to all your home automation needs is just one call away!

Bringing our world closer to you!

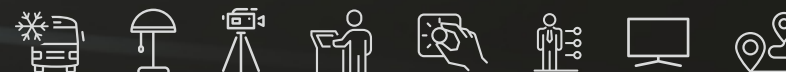

Experience the amazing - at your doorstep!

Presenting Goldmedal's Mobile Showroom - a never-before-seen concept in the world of wiring devices and accessories. Now, instead of visiting a showroom or a retail store, you can simply walk into this mobile store at a location nearest you. Designed by renowned automobile designer Dilip Chabria, this innovative yet thoughtfully crafted mobile showroom displays Goldmedal's latest products in a superbly premium environment.

There are multiple such mobile showrooms that ply the length and breadth of the country. You can track their movements online to check when one of them will be closest to your location. There are no reservations to be made. Just walk up to the mobile store and you will be welcomed with open doors! A Goldmedal executive in the showroom will be happy to assist you. We look forward to seeing you inside our amazing store!

63 GMA - Goldmedal Corporate Head Office

Introducing Goldmedal's brand new corporate headquarters, a soaring symbol of innovation and productivity. Located at the heart of Mumbai's suburbs on S. V. Road, Goregaon West, this new business center of the company is well connected to the Western Express Highway, railway station, bus stops, and taxi stands. Home to the company's management and staff, 63 GMA has been designed with a captivating layered structure that harmoniously blends together to create a visually striking and architecturally pleasing building. Its innovative design encourages the entire Goldmedal workforce to work as a team toward a common mission.

The 31-storeyed glass façade headquarters has been designed to inspire creativity, foster collaboration, and drive productivity paving the way to a world of limitless possibilities. From open-plan areas to private offices, a sky garden, private decks, and spacious meeting rooms, this center offers versatile spaces that help teams to perform efficiently, making it a perfect place for work and play. For years, Goldmedal has pioneered the electrical industry by introducing cutting-edge technology and innovative products. The new headquarters of Goldmedal, equipped with state-of-the-art facilities and amenities, will continue to lead the company, ensuring a superior work environment that reflects the company's progress and success.

With 63 GMA, Goldmedal is all set to welcome a new era of innovation that will help unlock immense potential, achieve goals, and thrive in an environment that inspires greatness.

Presenting Goldmedal **Smart Distribution** (GSD) App

An all-in-one platform designed to empower distributors & channel partners

Steps to Install the GSD App

Designed exclusively for Goldmedal's channel partners, the GSD app simplifies operations and drives business growth. The app offers real-time data transparency across its distribution network, enabling efficient ordering, monitoring, and reporting to support informed decision-making at every level.

With this app, distributors and sales executives can effortlessly add sales orders, get a comprehensive sales overview, monitor excess stock, access self-purchase data, track customer scheme statuses, and generate detailed reports, all in one place. Retailers, too, can experience a smarter way of doing business by placing purchase orders, tracking their order history, accessing vital documents like price lists and policy files, and selecting applicable rewards.

Available on both Android & iOS platforms, the GSD app is a powerful tool that simplifies everyday processes and move you closer to your goals. It's a leap towards a smarter, faster, and more transparent way of doing business. For more queries, contact our support team.

Unlock smarter business with the GSD App, today!

NOTES

Goldmedal is proud to be an Indian company that manufactures products in India thus contributing to the Prime Minister's initiative to transform the country into a major manufacturing hub. By investing in the latest technology, processes and best practices, Goldmedal aims to manufacture products that are world-class in every way. The company is constantly learning and evolving to ensure that we can be the first choice amongst both national as well as international brands in the Indian market!
